

Dear participants,

As you have already read, the current circumstances require special measures with regard to the accreditation of persons. In addition to the address data, the stay of the last 14 days is now added. If you have stayed in different regions, please enter the data accordingly.

The riders will receive a link from us in a few moments. There, please enter your stay for the past 14 days and your companions below that. After you have entered your address, your companions will receive a link from us in which they have to record their whereabouts for the past 14 days. **It is therefore imperative that you enter the mobile phone number of the accompanying person** and make sure that the "function assignment" is your groom or other companion. **PLEASE REGISTER YOUR ACCREDITATION UNTIL APRIL 29th, 2021!**

Only one additional accompanying person is permitted per rider.

Only one groom is allowed per 3 horses.

That means:

- 1-3 horses = 1 rider + 1 groom + 1 additional companion
- 4-6 horses = 1 rider + 2 grooms + 1 additional companion

Additional forms / tests:

Participants / visitors arriving from abroad: PCR test (result not older than 48 hours before arrival)

Participants / visitors arriving from within Germany: Corona rapid test on the day of arrival.

Additionally: Annex T ([click here](#)). This form must be filled out and brought with you on arrival and renewed every day when you leave the site (form and quick test!).
