

31.05.2021

Dear participants of the "Future Champions 2021",

We are all looking forward to the youth nations' prize tournament, which is being carried out under the currently special conditions. There are a few rules to follow, let's keep it short:

- Accreditation of accompanying persons on the EventClearing platform: this is mandatory in order to be allowed onto the site. Number of accompanying persons: max. 3 per 3 horses ([explanation here](#))
- Payment of the costs in the run-up to the event: please create your own preliminary invoice (in the overview of your profile, next tournament "Future Champions", "Details", add extras and press the green button, [description here](#))
- On the day of your arrival (from June 8th 2021) you will receive a chip wristband, which will be used for counting people and paying at the catering stands. You can top up your balance at EventClearing by bank transfer or by depositing your credit card if you want to create more liquidity for the tournament. You can also top up the wristbands with cash on site, from which you can get the remaining items back (only) at the tournament site before your departure.

Parents have the option of creating a family profile in our software. You can find a [description here](#).

Please do not hesitate to contact us directly if you have any questions: [info@eventclearing.lu](mailto:info@eventclearing.lu)

We wish you a lot of fun and success in Hagen, best regards

Your teams of the "Future Champions" and EventClearing
